

Plant Biology 2020, July 25-29

Contributed by aneely on Jan 22, 2020 - 03:55 PM

Registration is now open for [Plant Biology 2020](#), which will be held July 25-29 in Washington, DC.

Registration is now open for [Plant Biology 2020](#), which will be held July 25-29 in Washington, DC.

Mark your calendars: early bird rates will end on **April 17, 2020**.

Plant Biology 2020 offers everything you've come to expect from the premier annual plant biology conference:

- Exciting plenary sessions. This year's topics include:
 - Genome Editing
 - Defining the Phenotype
 - Epigenetic Inheritance and Reprogramming in Plants
 - Navigating Science Policy: Effective Advocacy for Science
- A great lineup of workshops, including both community driven and ASPB-organized events
Ample opportunities to connect with colleagues, collaborators, and friends from your plant biology community
- Subsidized on-site childcare, and discounted room rates at the official conference hotel
- A focus on science policy and advocacy
- Special networking events
