##### CALL FOR APPLICATIONS

#### **THE PROGRAM**

The University of California President's Postdoctoral Fellowship Program was established in 1984 to encourage outstanding women and minority Ph.D. recipients to pursue academic careers at the University of California. The current program offers postdoctoral research fellowships and mentoring to outstanding scholars in all fields whose research, teaching, and service will contribute to the diversity and equal opportunity of the University of California. The contributions to diversity may include public service towards increasing equitable access in fields where minorities are underrepresented. In some fields, the contributions may include research focusing on underserved populations or on social inequalities related to race, gender, disability or LGBT. The program is seeking applicants with the potential to bring to their academic careers the critical perspective that comes from their non-traditional educational background or understanding of the experiences of groups historically underrepresented in higher education in the United States.

#### **AWARDS AND APPOINTMENTS**

Fellowships are awarded for research conducted at any one of the University of California's ten campuses. The award includes a salary of approximately \$53,460 depending on field and experience, benefits including health insurance and paid vacation/sick leave, and up to \$5,000 for research-related and program travel expenses. Each award is for a minimum of 12-months and may be renewable for an additional 12-months demonstration of academic/research productivity.

#### **ELIGIBILITY**

Applicants must receive a Ph.D. or terminal degree from an accredited university before the start of their fellowship. Successful applicants must present documents demonstrating that they are legally authorized to work in the United States. Individuals granted deferred action under the Deferred Action for Childhood Arrivals program are encouraged to apply.
