

Scientists in Parks (SIP) Fellows Program

Contributed by aneely on Dec 30, 2021 - 08:54 PM

The **Scientists in Parks (SIP) Fellows program** is now accepting applications from current upper-level undergraduate and graduate students for 15 PAID summer 2022 opportunities with the National Park Service. Each opportunity with the SIP Program affords a distinct and memorable experience with projects that vary based on location, focus, and complexity. This year's projects include, but are not limited to, tracking coral reefs at War in the Pacific National Historical Park, community-based education and outreach at Everglades National Park, and surveying pollinator abundance at Yosemite National Park.
